

2025 *Distinguished* GRADUATE

HALEY WATSON | Nursing BSN

Haley Watson is a dedicated healthcare professional from San Antonio. She is the proud spouse of an ICU and hospice nurse and the loving paw-rent to three dogs and two cats. Her passion for delivering exceptional care to complex patient populations began in 2019, when she graduated from Schertz EMS and launched her career in healthcare.

Drawn to the applied sciences and the fast-paced, high-impact nature of nursing, Haley pursued and completed her RN with a 4.0 GPA. Her commitment to continuous learning and clinical excellence led her to a residency with Methodist Healthcare, where she is focused on critical care. She also earned her Bachelor of Science in Nursing with honors, further strengthening her foundation in evidence-based care and patient advocacy.

Beyond the bedside, Haley is a lifelong learner and avid reader, often diving into historical fiction and high fantasy novels during her downtime. She enjoys yoga as a way to recharge both physically and mentally and finds balance and joy in spending time with her chosen family and beloved pets.

Haley is deeply committed to being a resource — not only for her patients and their loved ones, but also for her fellow healthcare professionals. She advocates for mental health awareness and self-care in the workplace and strives to create compassionate, supportive environments in every setting she steps into.

“You could rattle the stars. You **could do anything**, if only you dared. And deep down, **you know it**, too. That’s what scares you most.”

— Sarah J. Maas, *Throne of Glass*
