Brookes Fincher

Nursing

“For I know the plans I have for you, declares the Lord. Plans to prosper you, and not to harm you. Plans to give you hope and a future.”

-Jeremiah 29: 11

Brookes Fincher was born and raised in Odessa, Texas. At 28, after battling lupus for 10 years, she chose to return to school and acquire her nursing degree. She moved to San Antonio with her husband and two fur babies in 2015 and started school as a full-time student at San Antonio College while working for the Valero Corporate Office.

Brookes' favorite course at SAC has been microbiology. She plans to continue her education while working as a new graduate nurse. She is an advocate for the San Antonio Lupus Foundation. Her overall goal is to work for the U.S. Department of Veterans Affairs as a psychiatric nurse, serving veterans who are adjusting from their combat deployment.
