Instructions

The SAC Course Layout is comprised of an Orientation module that can be customized along with a module with various templates.

- 1. Open the course that will be receiving the imported module.
- 2. On the homepage of the course, select the **Import from Commons** button on the right menu.

- 3. On the Canvas Commons page, search for SAC Course Layout 2022.
- 4. Click the link on the "tile" titled SAC Course Layout 2022.

5. Click the Import/Download button.

6. Select the course(s) into which you want to import the module.
